DETAILED ACTION

The Amendment filed on 13 May 2004 has been acknowledged.

Allowable Subject Matter

1. Claims 1, 3, 5-28, 38 and 39 are allowed.

Reasons for Allowance

2. The primary reason for the allowance of claims 1, 8, 11, 13, 16, 22 and 25 is the inclusion of the limitation of the thermistor material includes a first side and a second side, and the ink heater includes a first electrode and a second electrode located on the first side of the thermistor material, and heat is generated on the first side of the thermistor material between the first and second electrodes. It is these limitations found in each of the claims, as they are claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.
3. The primary reason for the allowance of claim 26 is the inclusion of the limitation of the main body portion includes a recess and first and second grooves extending in a longitudinal direction from the recess, wherein the recess receives the thermistor material and the first and second grooves receive the first and second leads, respectively. It is these limitations found in each of the claims, as they are claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.
